

STATS 3001 / STATS 4104 / STATS 7054  
Statistical Modelling III  
Practical 6 - Model selection

Week 11

**GOAL**

Find the best model to predict the exam mark of students

**DATA**

A dataset containing the marks of students for a statistics course. It is on my myUni as `marks.xlsx`

- assignment marks for A1-A6,
- online quiz marks, and
- exam mark.

**STEPS**

1. Read in the dataset.
2. Find the best model to predict exam mark
3. That's all folks.
